Ms. Jessica Goldberg
Senior Regulatory Affairs Specialist
CHEMSICO,
Division of United Industries Corporation
P.O. Box 142642
St. Louis, MO 63114-0642

Subject: Notification per PRN 98-10 – Addition of Optional IPM Marketing Language &
New Alternate Brand Name
Product Name: Chemsico Aerosol Insecticide GN
EPA Registration Number: 9688-321
Application Date: May 15, 2015
Decision Number: 505394

Dear Ms. Goldberg:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records. The alternate brand name “Black Flag Flea & Tick Aerosol for Upholstery and Pet Bedding Plus Growth Regulator Home Treatment” has been added to the product record.

If you have any questions, please contact Mr. Carmen J. Rodia, Jr. by phone at (703) 306-0327, or via e-mail at Rodia.Carmen@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Gebken".

Richard Gebken

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Intended for indoor home use only. **Do not use on pets.**

Do not allow people or pets in treated areas until spray has dried.

INDOORS [Graphic showing Indoor treatment sites.]

To kill fleas, thoroughly vacuum area to be treated. Adjust spray to create a fine spray. Treat carpeted areas and baseboards of hard surfaced floors. Evenly apply a fine mist or spray to carpets, rugs, drapes, and surfaces of upholstered furniture by using a wide sweeping motion. Also spray floors underneath furniture, sofas, chairs and beds. Do not saturate surfaces. Treat or thoroughly wash pet bedding, a primary hiding place for fleas. Repeat as necessary. **Do not spray humans or pets with this product.** For long-term flea control (up to 7 months [210 days]), apply 16 oz per 300 square feet.

To kill other listed crawling insects, such as ants*, German cockroaches, ticks, black widow spiders, silverfish and crickets spray directly on pests.

* Except Fire, and Pharaoh Ants

To kill carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else insects are seen or suspected.

To kill dust mites, thoroughly vacuum entire room, concentrating on areas where dust mites congregate such as headboards, walls, floors, carpeting and baseboards. Apply as a spot treatment to those areas.

Note: Test inconspicuous sample of fabric or rug for staining before use. Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate!

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Wash thoroughly with soap and water after product use. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTIFICATION

9688-321

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

07/15/2015

OPTIONAL MARKETING LANGUAGE

[Chemsico Aerosol Insecticide GN kills fleas, ticks, carpet beetles [and] dust mites [and other listed crawling insects]. It contains a combination of active ingredients that kills adult fleas, as well as flea eggs and larvae. Nylar®, one of the active ingredients kills fleas by preventing them from developing into biting adults for up to [210 days] [7 months]. When used as directed this product will not stain furnishings or carpeting]

* Except Fire, and Pharaoh Ants

[FOR BEST RESULTS USE THIS PRODUCT AS PART OF A COMPREHENSIVE FLEA & TICK TREATMENT PLAN. An effective flea & tick control program includes simultaneous, coordinated treatment of the home, yard & pet. Treatment and prevention go hand in hand so it's key to treat all 3 areas. This integrated pest management approach involves inspection, cleaning, and targeting eggs, larvae & adults with the appropriate insecticides. Follow up treatments are almost always necessary as flea & tick problems will not be solved with just a one treatment approach.]

This product is for Home Treatment
